*Soldiers do not benefit from Adrenaline Kits, they are used on special occasions only. *The use of an Adrenaline Kit does not mean that the user is out of combat for the whole battle. *Each battle round a soldier has a fixed amount of action points. The action points are used when the soldier does not take an action. If all the action points are used up the soldier does not take any more action for the rest of the battle round. *If a soldier is incapacitated the action points of the soldier are restored to the maximum amount (100) *When a soldier recovers health a small amount of action points is restored, but no action points are restored if a soldier removes negative effects. *If a soldier regains health during the battle he has the option of using a "reanimation kit" that restores all or part of his lost health. *"Hemobuffer" and "Motorium" kits are available for those soldiers that are "out of combat" for long periods of time. If a soldier uses a "Hemobuffer" or "Motorium" stim during a battle round he will be restored to maximum health. *"Repulsive" and "Detoxicant" kits are available to remove a soldier's effects of stims (not adrenaline kits) *Hints for all the above can be found in the in-game message "hints" menu. *To gain access to the message "hints" menu a soldier must be in the "training" menu. What's new in UFO Online: Invasion - Adrenaline Kit:

Adrenaline is a translucent red liquid formula designed to supply your body with more effective and up to speed energy from the moment of arousal. Taking your sexual fantasy to its natural conclusion, Adrenaline is a lightweight formula with nigh-on zero taste yet it contains an extra 250mg caffeine hit for a fast boost of arousal! Adrenaline, manufactured by e-Nova, has been developed as an alternative to existing potions to fast acting erection enhancers that are often detrimental to your body. Proper arousal and orgasm the natural way won't exhaust you, leaving you more balanced and ready for more enjoyable sex. Only natural supplements that complement, not even hinder, your body will help you enjoy the most extreme sexual experience of your life. Adrenaline is the most effective way of reaching your orgasm and ecstasy, charged with 300mg of caffeine, to minimise the 'down' time. Adrenaline is recommended for long-term use by those with sexual problems, such as those experiencing premature ejaculation, making this an excellent alternative to expensive pharmaceutical solutions. The formula contains only natural flavourings; mineral water and a range of natural ingredients. The result is the perfect aid to giving yourself a safe orgasm, free from artificial ingredients and compounds. Adrenaline contains flavonoids like epicatechin, D-galactose, D-fructose and L-carnitine. These create an increased concentration of Nitric Oxide, the 'happy hormone' that occurs within your body, and increases your blood flow to the clitoris creating pleasure and arousal. Supplements on Special from eNova are the perfect choice for those serious about maximizing their sexual performance, whether in the bedroom or elsewhere.
